page 2

Any reference to Rico is denied as numerous attempts to issue forth stock of entitlement which represented the investment was unanswered (see attached email of the latest offer of entitlement) by the attorney for the corporations.

Furthermore the investment remains active and viable with a forecast of a fair return on investment anticipated. All funds invested were carefully placed within the parameters of integrity, with intent of returning profit to investors. There is complete denial of any misappropriation of said investment or intent to deceive. The investment is acknowledged as being \$1,250,000. We do not know from which country the funds originated from or who the sender was or why the funds were refused by the receiving bank La Caixa where Gestiones Intermediaries Services S.A. held its account in Spain, which resulted in Cefeida S.A. becoming agent. We have no knowledge as to the plaintiffs refusal to respond to the corporate attorneys request for stock issuance representing the investment.

The agreement was validated in Switzerland, the funds were sent to and received in Switzerland, the project is entirely domiciled in Bougainville Papua New Guinea and the contract and investment is governed by British Common Law of Queensland Australia. The provisions for arbitration contained in the contract have been ignored by Katan.

All unethical and deceitful behaviour is denied. On the contrary on at least four occasions Katan and his associates have engaged in attempts of theft of proprietary information, attempted corporate espionage theft and circumvention. It is clear that those who received some pecuniary advantage from this contract and who had engaged in this activity, namely Steven Mizrachi, Herzl Mieri, and David Mieri are not mentioned or served in this action.

The corporate parties to the agreement are now as they have been in the past prepared to settle the investment entitlements.

Isaac "Yizchak" Katan, Please be advised that my wife is filing a police report & her attorney will be getting a court order of protection against you & your 2 associates. You have harassed & threatened my wife. Not only have you repeatedly lied & done everything to sabotage the business you have invested in, but your veiled attempt to commit corporate espionage by sending a person "Steven Mizrahi" to try to form a relationship with the landowners by ingratiating himself with lies and deceit have backfired on everyone. If you think for even one second that threatening & harassing her will go unchecked, you are mistaken. We will make sure that if you or your associates come near her home or office, you will be arrested. If you want to take the investment to court, please I urge you to proceed but threats & harassment, will be dealt with in accordance with U.S law. What you did with Steve Mizrahi & the damage you caused is irreversible.
